**Date:** (b) (4)  
**Attachments:** [Copy of Partner Response Form Non-Disputable.xlsm](#)

---

Dear (b) (4):

Thank you for your response.

EPA requires (b) (4) to submit the completed Partner Response Form (PRF) [www.energystar.gov/prfnd](http://www.energystar.gov/prfnd), which serves as a corporate certification, for the products identified as affected. Could you please complete the attached form with the information about products that were manufactured and sold once you received the verification testing failure notice? If you are unable to provide certain information, as you indicated in your previous emails, you can leave those fields blank and specify any relevant details in Section V of the form.

Please let me know if you have any additional questions or feel free to give me a call at 301-628-2027 at your convenience. Please submit your completed PCM form by no later than (b) (4).

Thank you,

Tynica Stefun

Sorry – I'm not avoiding this. I just don't know what else to provide. I've answered this multiple times and (b) (4)

(b) (4) Do you prefer I send all of the emails again? I will gladly do so. I am a big proponent of NFRC and Energy Star and have been since inception. I believe in the cause and do all I can to support, as you can see from all of our (b) (4) listings. Please tell me what I can do to resolve

**Subject:** FINAL NOTICE: Response to Testing Failure Notification Required (Case #: WDS10-2016-01)

Dear (b) (4):

You are receiving this notice because our records indicate that (b) (4) has not submitted a Partner Response Form ("PRF") for its disqualified model as requested by the U.S. Environmental Protection Agency ("EPA") on (b) (4) (see attached).

When a model is disqualified, EPA requires the ENERGY STAR partner that certified that model to certify product control measures it is taking to curtail the model's sale, distribution and promotion as ENERGY STAR certified.

(b) (4) PRF is overdue. Effective (b) (4), EPA will place restrictions on (b) (4) ENERGY STAR partnership until EPA receives and approves the completed PRF. If a completed PRF is not received by that date, (b) (4) will be unable to qualify any additional models.

You may download the PRF from [www.energystar.gov/prfnd](http://www.energystar.gov/prfnd).

Please submit any correspondence regarding this notice, including the PRF, to Mariah Steele at [Steele.Mariah@epa.gov](mailto:Steele.Mariah@epa.gov), and [enforcement@energystar.gov](mailto:enforcement@energystar.gov).

If you believe you have received this message in error, or (b) (4) has already submitted the completed PRF, please indicate this in your response.

Thank you for your prompt attention to this matter.

Sent on behalf of:

Mariah Steele
